PROFESSIONAL SUMMARY

Motivated Computer Science Engineering graduate with proven expertise in Python, AI/ML, and full-stack web development. Demonstrated success building AI-powered applications and achieving strong academic performance (CGPA: 9.11). Seeking to leverage technical skills and passion for innovation in a dynamic software development role.

EDUCATION

B.E. in Computer Science and Engineering *2027*
C. Byregowda Institute of Technology
• **CGPA:** 9.11

Pre-University Course (PUC) *2023*
SDC PU College, Mulbagal
• **Score:** 78.88%

SSLC *2021*
• **Score:** 96.16%

TECHNICAL SKILLS

• **Programming Languages:** Python, Java (Basics)
• **Web Technologies:** HTML, CSS
• **Databases:** SQL (Basics)
• **Tools & Practices:** DevOps (Basics), Git, GitHub
• **Core Competencies:** Team Collaboration, Leadership, Active Listening, Time Management

INTERNSHIP EXPERIENCE

Intern *2026*
Infosys Springboard
• Completed a hands-on internship focused on applied **AI/ML** concepts and project-based learning through the **Infosys Springboard** platform.
• Worked on guided modules covering **Python**, data handling, and AI tool usage, and collaborated on mini-projects, strengthening practical, industry-relevant skills.

PROJECTS

Personal Portfolio Website
• **Role:** Designed and developed a personal portfolio website to showcase skills, projects, and resume in a professional format.
• **Tech Stack:** HTML, CSS
• **Outcome:** Delivered a fully responsive, recruiter-friendly portfolio that improved visibility of projects and skills to potential employers.

AI Summary and Quiz Generator for YouTube URL
• **Role:** Built an AI-powered tool that takes a YouTube video URL and automatically generates a concise summary along with a quiz based on the video content.
• **Tech Stack:** Python, AI/NLP Tools
• **Outcome:** Reduced the time needed to review long videos by generating quick, accurate summaries and reinforced learning through auto-generated quizzes.

AI Career Advisor System

- **Role:** Developed an AI-based career guidance platform that recommends suitable career paths based on users' education, interests, and skills.
- **Tech Stack:** Python, Machine Learning
- **Outcome:** Provided personalized career roadmaps and learning resources, helping users make more informed career decisions.

CERTIFICATIONS & ACHIEVEMENTS

- **TCS iON Career Edge** — Young Professional, Tata Consultancy Services
- **AI for Beginners: Learn ChatGPT, Claude, Gemini, and Copilot** — Infosys Springboard
- **Introduction to Generative AI** — Simplilearn

DECLARATION

I hereby affirm that the information presented above is accurate and complete to the best of my knowledge.
